## 1. Part 2, Question – Response

On the second part of the TOEIC®, you will hear a series of 30 questions or statements, each followed by 3 responses. Most of the items in Part 2 are questions; there are usually 2 or 3 statements. You must choose the best response to the question or statement. The questions and responses are spoken only once and are NOT printed in your test book. So, in this part, pure auditory memory is required.

## 2. Part 2 Example

You will hear: Where is the meeting room?

- You will also hear:
- (A) To meet the new director.
  - (B) Its the first room on the right.
  - (C) Yes, at two o'clock.

The best response to the question “Where is the meeting room?” is choice (B).

## 3. Part 2 Strategies

You have only 5 seconds between the choice (C) and the next question. So don't forget to mark the answer within 5 seconds. If you are still answering a question when the next one begins, you might not hear the beginning of the question. The questions and statements typically deal with routine workplace situations or everyday activities. As soon as you hear the question, try to visualize the situation (who is speaking and to whom and where).

## 4. STRATEGY 1: Focus on the first word and check the question types (1)
