

Day 39

Part 4 Practice Question 3

This is Fiona Codling from TES News, reporting live from this year's Regional Wine Trade Show in Los Angeles, California. In just a while, I'll be speaking with one of the entrants in this year's wine competition, Mr. Opal. Mr. Opal has been producing and selling wine in California for over 15 years and is entering the wine competition for the first time this year. He has been tipped as one of the favorites to lift the trophy tomorrow. We'll talk to him in a few minutes, but first let's hear from one of the event organizers, Mrs. Wells, about the history of wine in California.
