

VOCAB REVIEW

Part 7 Practice Test (3)

Questions 191-195 refer to the following information and form.

Smith Internet Shopping, or SIS, is a well-known English company incorporated over two decades ago. It is one of the most popular and successful online shopping stores in England, and is also used in other European countries. SIS offers FREE shipping to any country in the United Kingdom. This shopping brochure lists many of our items, but more can be found on our website, www.sis.co.uk

SIS' continuing success has arisen as a result of our speedy and reliable delivery record and due to the wide range of items stocked at very competitive prices. Independent online reviews rank our service among the best in the industry, and we have been awarded first place for the past 7 years in the annual British Online Shopping Awards (BOSA).

The procedure for first-time buyers is straightforward: you simply register your personal details with us and are then able to browse and buy as one of our customers! You will receive a personal customer reference number which can then be used to make subsequent orders by email, phone, internet order form, or even text message. SIS is open around the clock, 24 hours-a-day, 7 days-a-week.

I am going on a sports holiday on October 17 with some friends and want to take these items with me (I lost my squash racket last week!) If any of the items I have ordered are unlikely to arrive by October 16 could you please inform me as soon as possible so that I can amend my order and try to buy them elsewhere. I do not have daily access to the internet, so, if possible, could you please contact me on my mobile phone: 07954348022. Many thanks.

Sincerely

Fiona Jones
